## FATO NATURAL: LA GAMMA INNOVATIVA NELL'IDEA E NEL COLORE NATURALE

La linea Fato Natural è realizzata in Fiberpack®, il materiale ottenuto dal riciclo delle fibre di cellulosa presenti nei cartoni per bevande Tetra Pak®.

Oltre alle fibre di cellulosa, i cartoni per bevande contengono alluminio e polietilene: grazie all'esclusiva tecnologia Lucart Group, questi materiali non vengono dispersi nell'ambiente, ma sono recuperati in altre attività manifatturiere. Fiberpack® rappresenta una conquista ambientale e tecnologica che nasce dalla collaborazione fra Lucart e Tetra Pak®.

I prodotti della linea Fato Natural sono certificati EU Ecolabel e FSC® Recycled.

Idoneo al contatto con alimenti secchi.

**FATO NATURAL: THE INNOVATIVE RANGE  
IN BOTH CONCEPT AND NATURAL COLOUR**

*The Fato Natural line is made in Fiberpack®, the material obtained from recycled cellulose fibres present in beverage cartons. In addition to cellulose fibres, beverage cartons contain aluminium and polyethylene: thanks to Lucart Group's exclusive technology, these materials are not released into the environment, instead re-used in other manufacturing activities. Fiberpack® represents an environmental and technological breakthrough created by a collaboration between Lucart and Tetra Pak®. The products of the Fato Natural line are certified EU Ecolabel and FSC® Recycled.*

Suitable for dry food contact.

Fato Natural products are FSC® Recycled certified.

I prodotti Fato Natural sono certificati FSC® Recycled che identifica i prodotti realizzati con carta riciclata. FSC® è un'organizzazione non governativa internazionale che promuove un utilizzo responsabile delle risorse forestali.

*Fato Natural products are certified FSC® Recycled that identifies products made with recycled paper. FSC® is a non-governmental international organisation which promotes the responsible use of forestry resources.*

EU Ecolabel: IT/004/001

I prodotti Fato Natural sono certificati EU Ecolabel che attesta che i prodotti, durante il loro intero ciclo di vita, rispettano rigidi criteri di tutela ambientale comuni a tutti i paesi dell'Unione Europea: inquinamento acquatico ridotto, inquinamento atmosferico ridotto, emissioni ridotte di gas ad effetto serra e basso consumo di elettricità.

*Fato Natural products are certified EU Ecolabel, the ecological quality label that guarantees the respect of severe criteria for the protection of the environment required at an European level: low water and air pollution, low greenhouse gas emissions and electricity use.*

### **LA SCELTA ECO-TRENDY**

Il colore avana chiaro della carta deriva dall'utilizzo delle fibre di cellulosa non sbiancate presenti nei cartoni per bevande Tetra Pak®, fibre che mantengono il colore naturale del legno. È un colore sobrio, raffinato e si sposa facilmente con l'arredo dei locali.

Fato Natural rappresenta la soluzione eco-trendy per i locali che vogliono distinguersi per il rispetto dell'ambiente, senza rinunciare all'appeal estetico.

### **THE ECO-TRENDY CHOICE**

*The light brown colour of the paper is derived from the use of unbleached cellulose fibres present in the beverage cartons, fibres which maintain the natural colour of wood. It is a plain and elegant colour which easily matches the decor of venues.*

*Fato Natural represents the eco-trendy solution for venues which choose to differ by respecting the environment without sacrificing aesthetic appeal.*
